

DECORATIVE FILMS

STR 06 STRIATED FROSTED

INDOOR INSTALLATION

PARTIALLY HIDES THE VIEW

DESCRIPTION

Reflectiv offers a range of ribbed films that modify the viewpoint and lighting effects. They give the effect of raised glass, while providing more or less privacy, depending on the model chosen.

Durability: 12 to 15 years for vertical application in Central Europe.

Use: for all types of glazing

Maintenance: after 30 days, use a standard cleaning solution (non-abrasive, ammonia-free, etc.). Scratch-resistant cleaning products are not recommended.

Storage: 2 years from delivery. This film should be stored away from excessive moisture and sunlight, at a temperature below 38°C.

In order to meet our high standards, we recommend that you do not mix films from different productions.

INFORMATIONS

SUPPORT :PET
ADHÉSIVE :Polymer acrylic 13 gr/m2
PROTECTOR :PET siliconé 13 microns
THICKNESS :80 microns
COULOR :Colorless
APPLICATION FACE :Indoor
APPLICATION T°:min, + 5°C
STANDARDS :EUROCLASSES
FIRE CLASSIFICATION : B-s1,d0
GARANTY:10 years inside*

* For glazing not exposed to sunlight

DIMENSIONS

On the roll:

1,52 x

5 m
10 m
30 m

Application method

The surface to be bonded must be free of dust, grease or other contaminants. Some materials, such as polycarbonate, can cause bubbling problems. A compatibility test is therefore recommended.

Production monitoring and standards

In order to constantly improve our products, we may modify colors and manufacturing processes without prior notice. Before applying our films, we recommend that users ensure that they are exactly suited to the intended use, and that they comply with current standards.
